COACHING CENTER SOFTWARE

THE COMPLETE SOFTWARE FOR COACHING INSTITUTES

Run your entire institute from one screen.

Admissions, fee negotiation, instalments, receipts and reminders, attendance, exams, payroll and accounts — beautifully organised, secure, and built for Indian coaching classes.

Admissions · Fees & receipts · Attendance · Exams · Payroll · Accounts · Parent portal

SOUND FAMILIAR?

Registers, Excel sheets and WhatsApp reminders shouldn't run your institute.

😟 Fees slip through

Discounts promised verbally, instalments forgotten, reminders sent late — money is lost every month.

😟 Data everywhere

Admissions in one book, attendance in another, marks in Excel, salaries on paper. No single truth.

😟 No clear picture

How much is outstanding? Who is overdue? Are we profitable this month? Hard to answer quickly.

Momentum brings everything together →

Enquiry to admission

Capture leads, track follow-ups and convert to admission in one click — no re-typing. Student ID, ID card and admission form generated automatically.

Fee negotiation, controlled

Subject-wise standard fees, discounts with approval limits per role, and a locked yearly fee agreement for every student.

Automatic instalments

Monthly, quarterly or custom plans that always add up exactly. Partial, advance and online payments handled.

Reminders that stop on their own

WhatsApp, SMS and email reminders before and after due dates — they stop automatically the moment fees are paid.

Attendance & exams

Clash-free timetable, one-click attendance with absence alerts, marks, ranks and printable report cards.

Payroll for teachers

Monthly, per-hour, per-lecture or per-batch pay with PF, ESI, PT, advances and salary slips.

Accounts on autopilot

Every receipt, expense and salary posted to double-entry books. P&L, balance sheet, bank reconciliation, Tally export.

Parent portal

Parents see fees, receipts, timetable, attendance and results — and can pay online.

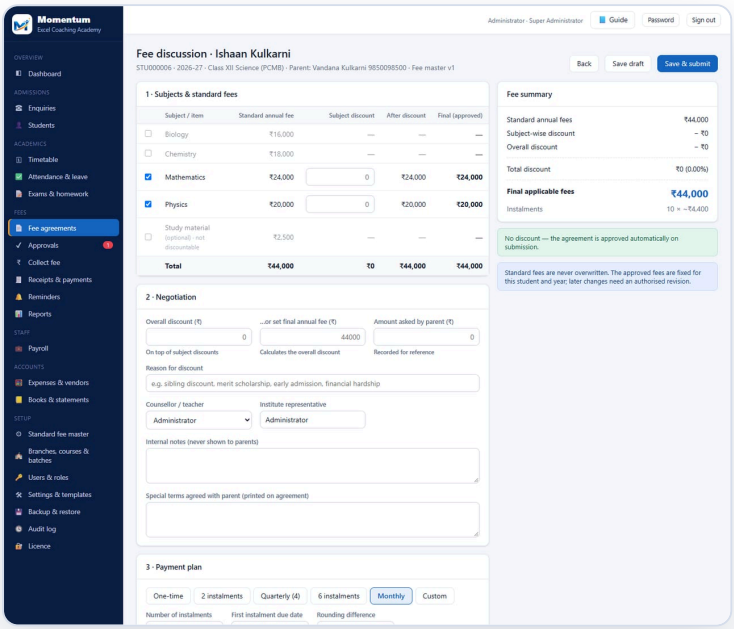

Secure & auditable

Role-based logins, approvals, complete audit trail, daily automatic backup. Payments can never be silently deleted.

THE HEART OF MOMENTUM

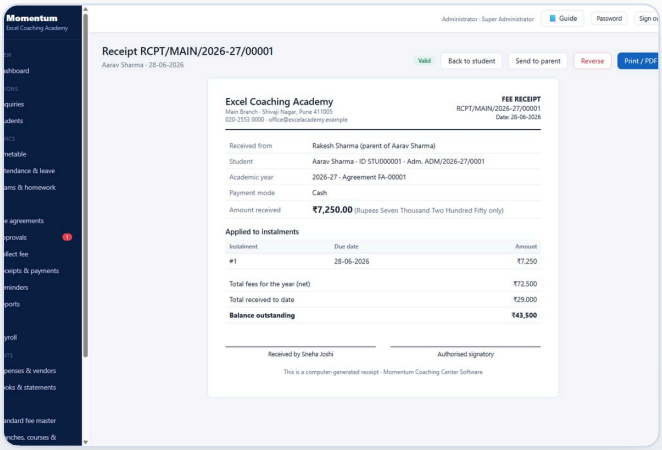

Every rupee — agreed, approved, collected and reminded.

Standard fees per subject → **Fee discussion** discount & plan → **Approval** by the right person → **Instalments** auto-generated → **Receipt & reminders** automatic

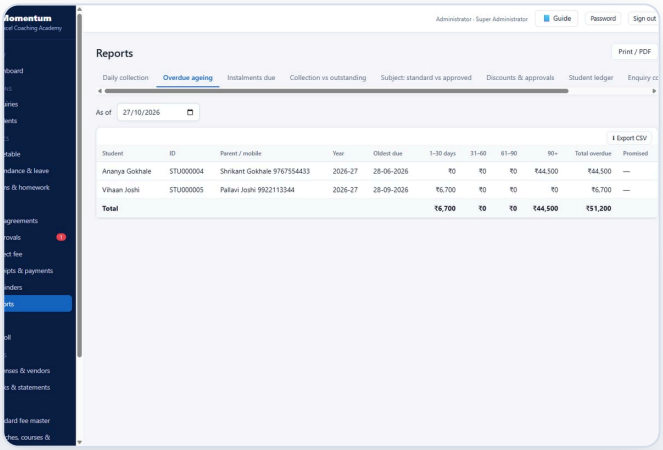

Fee discussion — standard fees, discounts, payment plan and live summary

- **Standard fees never change** — each student gets their own approved yearly agreement.
- **Discount limits by role** — counsellor proposes, manager / owner approves.
- **10, 6, 4 or custom instalments** — totals always match to the paisa.
- **Receipts in seconds** — cash, UPI, cheque, card; amount in words; duplicate protection.
- **Bounced cheques, waivers, late fees, refunds** — all with approval and history.
- **Online payments** via Razorpay — parents pay by UPI or card; receipt created automatically.

Professional receipts with balance outstanding

Overdue ageing — know exactly who owes what

6 payment modes — cash, UPI, bank, cheque, card, online

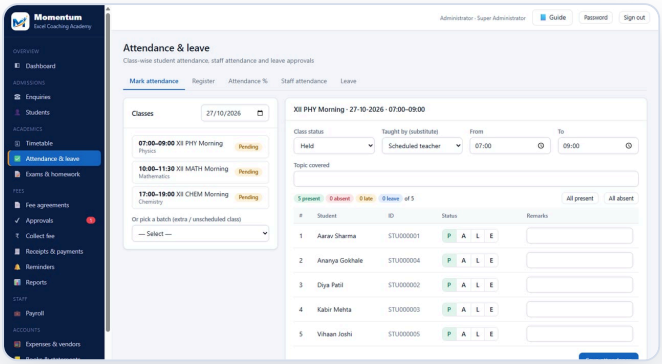

5 reminder points around each due date

3 levels of discount approval — manager, admin, owner

0 duplicate receipts — protected by design

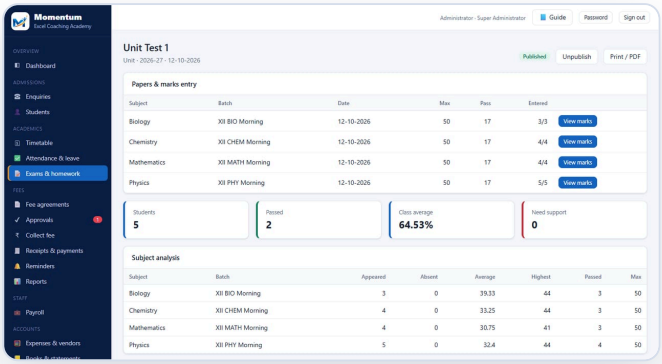

BEYOND FEES

Academics, staff and accounts — all connected.

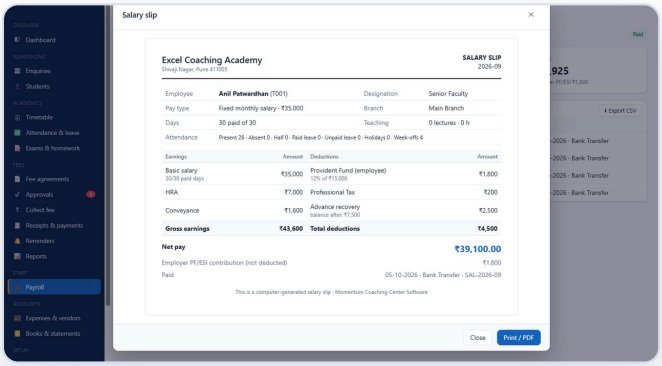

Attendance & timetable

Clash-free weekly timetable. Teachers mark attendance in seconds; parents of absent students are alerted.

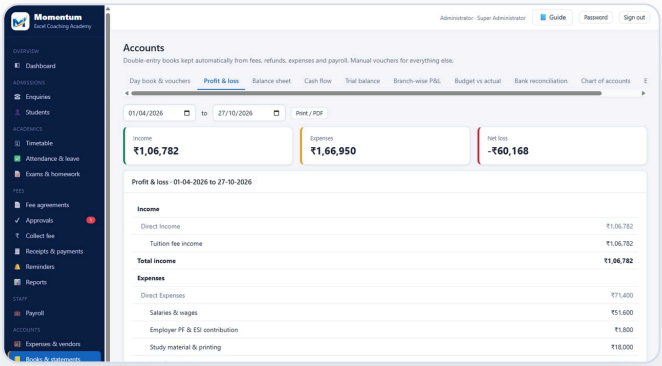

Exams & report cards

Marks entry, grades, ranks and batch ranks, subject analysis, report cards and students needing support.

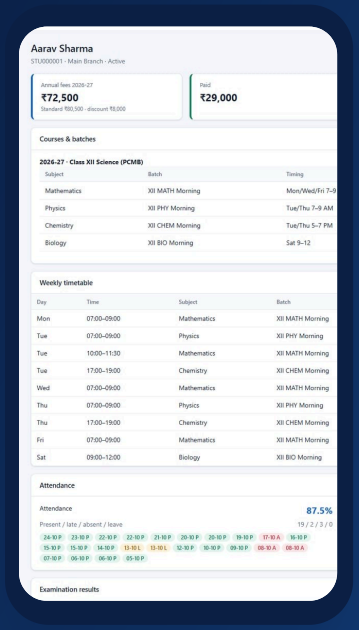

Payroll & salary slips

Pay by month, hour, lecture or batch. Loss of pay from attendance, PF/ESI/PT, advances — approved by a second person.

Accounts & expenses

Expense approvals with GST & TDS, vendor statements, profit & loss, balance sheet, bank reconciliation, Tally export.

FOR PARENTS

A portal parents will love

- Fees, instalments and receipts — always up to date
- Timetable, attendance and published results
- Pay fees online by UPI, card or net banking
- Request leave and update contact details

Internal notes, discount reasons and other students' data are never visible to parents.
